TOP 10 REASONS TO BUY

power to punch with
MULTICYL

10. **Simple and user friendly set-up.**
9. **Quick and easy tool changeover.**
8. **Fast cycle times.**
7. **Adjustable stroke.**
6. **Often meets OSHA standards without additional guarding.**
5. **Accepts standard unitized tooling (custom tooling also available).**
4. **Offers complete turn-key punching solutions.**
3. **Powered only by shop air.**
2. **Excellent solution to many types of manufacturing**

applications such as hole punching,
notching,
shearing, tube piercing, assembly and
metal
joining.

1. **Best combination of efficiency and
affordability.**

The best press alternative on the market
for unitized tools and small die sets.

FREE
Tonnage
Calculator

Use our [Tonnage Calculator](#) to determine
your force requirements.

To use our tonnage calculator select either
the hole diameter or shear length option.
Then select your material or fill in the
tensile strength of the material you are
using (KSI). Fill in the rest of the data and
hit calculate. You will be given the tonnage
requirement and a list of potential Multicyl
cylinders for the application.
